

WE GO BEYOND to formulate health with science

Evonik has been contributing to a healthier global society for five generations with EUDRAGIT® coatings for targeted drug delivery. EUDRAGIT® is currently distributed in over 80 countries worldwide. Since 1954, our product has garnered mentions in over 10,000 publications.

GEN ALPHA 
2010-25

8.09 bn

World Population
(29|02|2024)

GEN Z 

1995-2010

6.12 bn

World Population
(2000)

2000s

- Opening of global network of technical service labs
- Capacity expansion through continuous and automatic production and filling lines
- Further portfolio extension for modified release functionality

2010s

- EXCiPACT™ certification
- Launch of onCare customer portal
- Launch of EUDRATEC® advanced drug delivery technologies based on EUDRAGIT®
- Launch of first formulated coating for ready-to-use application

1990s

- FDA workshop with EUDRAGIT® focus
- Portfolio extension with matrix formers for pH and time-controlled drug formulations
- Introduction 4th functionality: solubility enhancement via hot melt extrusion and spray drying

GEN Y 

1980-95

4.46 bn

World Population
(1980)

1980s

- Globalization of customer interaction with workshops and symposia on all continents

1970s

- Introduction of multiparticulate dosage forms especially for extended-release once-a-day applications
- First EUDRAGIT® seminar held specifically directed at drug developers and formulators

GEN X 

1965-80

BABY BOOMER 

1950-65

3.04 bn

World Population
(1960)

1960s

- Introduction 3rd functionality: Retard
- Development of new polymer production processes

1950s

- Invention of functional coatings for oral dosage forms
- Introduction 1st functionality: enteric protection
- Introduction 2nd functionality: taste/odor masking and moisture protection

2.53 bn

World Population
(1950)

2020s

- Launch of EUDRACAP® functional oral capsules with EUDRAGIT®
- Investment in state-of-the-art spray drying facility

70 Eudragit®

80

Number of countries where EUDRAGIT® is distributed

23,570

Number of active and inactive patents containing the word EUDRAGIT® with all owners

~10,000

Since the 1950s, EUDRAGIT® has been mentioned in over 10,000 scientific publications*

*Total number across several RD&I libraries for all life science
